**REPORT OF THE DIRECTORS (CONTINUED)****8. Corporate Governance**

Bank of Baroda (Tanzania) Limited has eight (8) Board of Directors. With exception of the Managing Director and the Deputy Managing Director, no other directors hold executive positions in the bank. Five of the board directors are non-executives. The board is responsible for safe custody and investment of depositors' funds. Consequently, the board commit sufficient time in the oversight of affairs of the bank including identification of key risk areas, considering significant financial matters, reviewing the performance of management business and ensuring a comprehensive system of internal control policies and procedures is operative in compliance with sound corporate governance principles. The effective oversight by the board for the overall responsibility of the bank entails possession of necessary skills to make sound and independent judgments and be able to apply immediate remedial measures. The board is required to meet at least four times in a year and delegates the day to day management of the business to the Managing Director assisted by senior management team. Bank of Baroda (Tanzania) Limited is committed to the principles of effective corporate governance recognizing the importance of integrity, transparency and accountability.

The bank shall continue its endeavor to enhance its shareholders' value by protecting their interest by ensuring performance at all levels, and maximizing returns with optimal use of resources in its pursuit of excellence. The bank shall comply with not only the statutory requirements, but also voluntarily formulate and adhere to a set of strong corporate governance practices. The bank believes in setting high standards of ethical values, transparency and a disciplined approach to achieve excellence in all its sphere of activities. The bank shall strive hard to best serve the interests of its stakeholders comprising shareholders, customers, government and society at large.

In connection with effective oversight, the board of Bank of Baroda (Tanzania) Limited during the year has a responsibility to ensure high standard of corporate governance through establishment and effective functioning of various board committees and management in key areas.

**8.1 Board Committees**

The following Board Committees were reconstituted during 2022. All the committees are made exclusively of non-executive directors. The committee addresses the issues relating to the formulation of policies and assessment of its compliance, which brings about consistent improvement in the banking performance.

S.no	Name of Director	Designation	Position	Board Audit Committee	Board Credit Committee	Board Risk Committee
1	Mr. Joydeep Dutta Roy	Director	Member	N	*	Y

3	Dr. Emmanuel Sadiki	Director	Member	*	N	N
4	Dr. Saganga M. Kapaya	Director	Member	Y	N	N
5	Dr. Bupe J. Mwakyusa	Director	Member	N	Y	Y
6	Dr. Kadida Mashaushi	Director	Member	Y	N	N

\*: Chairman, Y: Member of the Committee, N: Non-member of the Committee

**REPORT OF THE DIRECTORS (CONTINUED)****8. Corporate Governance(continued)****8.1 Board Committees (continued)****(i) Audit Committee**

The committee met 4 times during the year. The Managing Director, and the Senior Manager Credit participated in the meetings as invitees.

<i>S.no</i>	<i>Name of Director</i>	<i>Nationality</i>	<i>Designation</i>	<i>Period</i>	<i>Meetings scheduled</i>	<i>Meeting attended</i>
1	Dr. Emmanuel M. Sadiki	Tanzanian	Chairman	12 Months	4	4
2	Dr. Saganga M. Kapaya	Tanzanian	Member	12 Months	4	4
3	Dr. Kadida R. Mashaushi	Tanzanian	Member	12 Months	4	4

The Audit Committee provides directions to the bank including the organisation, operations and quality control of internal audit, internal control weakness and inspection within the bank and follow-up of the suggestion of statutory/external audit of the bank and Bank of Tanzania inspections.

The Committee also reviews the adequacy of internal control systems, structure of internal department, its staffing pattern and hold discussions with the internal auditors/inspectors on any significant finding and follow-up action thereon. It also reviews the financial and risk management policies of the bank.

**(ii) Credit Committee**

The committee met 4 times during the year. The Managing Director and the Senior Manager Credit participated in the meetings as invitees.

<i>S.no</i>	<i>Name of Director</i>	<i>Nationality</i>	<i>Designation</i>	<i>Period</i>	<i>Meetings scheduled</i>	<i>Meeting attended</i>
1	Mr. Joydeep Dutta Roy	Indian	Chairman	3 Months	1	1
2	Dr. Immanueli D. Mnzava	Tanzanian	Member	12 Months	4	4
3	Dr. Bupe J. Mwakyusa	Tanzanian	Chairman	12 Months	4	4

The main function of the Credit Committee is to monitor performance and quality of the credit portfolio, appraise and approve loans within its credit approval limit and recommend to the Board for approval facilities beyond its limit.

The Committee reviews Credit Policy at least once a year and ensures that it contains sound fundamental principles that facilitate the identification, measurement, monitoring and control of credit risk as well as having appropriate plans and strategies for credit risk management.

**(iii) Risk Committee**

The committee met 4 times during the year. The Managing Director and the Head of Risk Management participated in the meetings as invitees.

<i>S.no</i>	<i>Name of Director</i>	<i>Nationality</i>	<i>Designation</i>	<i>Period</i>	<i>Meetings scheduled</i>	<i>Meeting attended</i>
1	Dr. Immanueli D. Mnzava	Tanzanian	Chairman	12 Months	4	4
2	Mr. Joydeep Dutta Roy	Indian	Member	3 Months	1	1
3	Dr. Bupe J. Mwakyusa	Tanzanian	Member	12 Months	4	4

The main function of the Risk Committee is to assist the Board in reviewing risk management strategies and policies and recommend them for approval. It provides the Board with regular assessments of the group risk profile and monitors implementation of risk management action plans.

The Committee also reviews adequacy and effectiveness of balance sheet management and its related risks through Asset Liability Management Committee (ALCO) reports presented by Management to the Committee every quarter.

**REPORT OF THE DIRECTORS (CONTINUED)****8. Corporate Governance(continued)****8.2 Management Team**

The management of the Bank is under the Managing Director who is assisted by Deputy Managing Director, General Manager (Credit and Operations) and Senior Managers. The Unit heads and Branch heads also assist the Managing Director in managing the bank. All Senior Managers and Unit heads reports directly to the Managing Director. The Managing Director is the overall incharge of Bank of Baroda (Tanzania) Limited responsible for planning, monitoring and business growth, the main responsibilities of which includes regulatory compliance, formulation of policies, liaison with stakeholders, product innovation and marketing.

The Deputy Managing Director oversee the Finance, Administration and Human Resources, Credit, Retail Banking, Treasury and secretary to the Board. Treasury and Credit departments are headed by Senior Managers. Dar es Salaam and Arusha branches are also headed by senior managers. The Operations of the Bank are organized by the following department; Credit department, Treasury and Foreign Exchange department, Finance department, Risk and Compliance department and Information Technology department and Audit Department. Heads of departments are directly reporting to the Managing Director except the Internal Auditor who reports directly to the Board Audit Committee with a second line of reporting to the Managing Director.

**8.2.1 Management Committees**

The following Sub-Committees of the Board were reconstituted during 2022. All the committees are made exclusively of executive directors and heads of operating units. The committee addresses the issues relating to the formulation of KPI's and KRI's and assessment of its compliance together with day to day management of the performance of the management, which brings about consistent improvement in the banking performance. The sub-committees also appraise the Board Committes of the issues for discussion at the higher level including policies formulation and bank limits revision.

**(i) Assets and Liabilities Sub-Committee (ALCO)**

The committee is composed of Managing Director, Deputy Managing Director, Head of Finance, General Manager(Credit and Operations), Head of Credit, Head of Treasury and Branch Head Dar es Salaam Main branch. The committee is responsible for managing the balance sheet to ensure proper allocation of resources to achieve performance targets. The committee meets once in a month.

The committee also review the liquidity position on current and prospective basis, monitoring the funding alternatives to ensure adequacy of the liquidity is maintained. It also review the capital level for determination of its adequacy in relation to expected growth and asset quality, reviewing the actual performance against established targets and analysing the reasons for variance for remedials. Measurement and monitoring of investment risk to ensure quality portfolio of assets to maintain the portfolio within the limits set by the Board and regulatory requirements is another responsibility of the ALCO.

**(ii) Enterprise Risk Management Committee (ERMC)**

Enterprise Risk Management Committee is a committee of senior management formed with primary objective of management and measurement of Enterprise Risk at the bank. The committee met 3 times during the year. The Managing Director, and the Senior Manager Credit participated in the meetings, as invitees.

The Committee is responsible for design and implementation of Enterprise Risk Management Framework, as approved by the board which is comensurate with the bank's risk appetite, business strategy, regulatory requirements and overall governance framework prescribed by the board.

The Committee reviews and assess the overall risk profile of the bank including key issues, risk incidents, limits, breaches, internal and external changes having material impact on the risk profile of the bank, non-compliance with policy and procedures, pending corrective action plans, capital computation and all its allocation, issues identified by auditors and the regulator and issue appropriate guidance to ensure effective Enterprise risk management framework.

**REPORT OF THE DIRECTORS (CONTINUED)****8. Corporate Governance(continued)****8.2 Management Team (continued)****(iii) Tanzania Credit Committee**

Apart from the Board Credit Committee which is vested with full powers of lending, and which meets in a quarter and once required, there is a Tanzania Credit Committee comprised of the Managing Director as the Chairperson, and the members of the Committee are the Deputy Managing Director, Branch Head of Dar es Salaam main branch, Senior Manager Credit, Senior Manager Forex and any other officer(s) with the permission of the chairperson may be invited.

The Committee reviews and assess the proposals falling under the discretionary Lending Power of Managing Director and the duties of the Committee remain same as presently delegated at substantive of Managing Director whereas, proposals beyond such delegated powers are to be referred to the Board Credit Committee with recommendations. The committee meets once in a week and the frequency of the meeting relaxed to incorporate as more frequently as possible within the week.

**(iv) Business Continuity Program (BCP) Committee**

The primary objective of BCP is to maintain viable recovery strategies and plans to ensure that all critical information / data are salvaged in the minimum possible time in the event of major incident. A major incident is any accidental, natural or malicious event, which threatens or disrupts normal operations or services for sufficient time to significantly affect or cause failure of essential services rendered by the bank, including essential services rendered to internal customers

The Committee will normally meet once in a half year and as and when exigencies arise. The quorum of the committee will be 3- members including the Chairman. The BCP Committee will deliberate and decide upon the following:

- Identification of business function groups, BIA (Business Impact Analysis), Prioritization, fixation of RTO (Recovery Time Objectives) / RPO (Recovery Point Objectives) for the function groups.
- Identification of the threats to which the Business Processes are exposed and the assessment of the potential damage and disruption associated with these threats if occurs.
- The BCP Committee will be responsible for overall implementation, monitoring and periodical reviews of the BCP in the Bank and appraise to Risk Management Committee (RMC) and Board once in 6 months
- The BCP Committee at the Branches / other operating units comprise of the Branch Manager / Head of the Unit, Accountant and Officer/s and award staff members as may be nominated for the purpose by the Branch Manager / Unit Head and responsible for the following functions;
- To arrange meeting with Customers to disseminate information.
- To prepare and conduct periodic testing, mock drills and review/update of BCP of the Branch or Operating Unit
- To decide and declare the disaster and to notify the Regional Office / Reporting Authority
- To initiate action as per the pre-prepared action points based on the BCP Policy, Guidelines and BCP of the Branch / Operating Unit.

**8.2.2 Relationship with Stakeholders**

In fulfilling their responsibilities, the Directors believe that they govern the Group in the best interests of shareholders, whilst having due regard to the interests of others stakeholders in the bank including customers, employees, regulators and suppliers. The Management communicates regularly with major shareholders and the parent bank throughout the year by participating in stakeholders meetings. Feedbacks from these meetings is reported to the Board.

The Bank continues to maintain good relationship with all Stakeholders. The bank apart from suggestion box displayed at each bank's branch, has established a website through which stakeholders are encouraged to direct questions and ideas for quality banking services provision, to the management. The management of the bank is dedicated to offering best banking services to its customers having put forward the infrastructure for needs identification and product or service development therewith. Bank of Baroda (Tanzania) Limited is keen to its customer satisfaction and contribute to the economy growth while remaining compliant to the legal and regulatory requirements.

**REPORT OF THE DIRECTORS (CONTINUED)****8. Corporate Governance (continued)****8.2.3 Compensation of Key Management Personnel**

The Key Management of the bank is comprised of the Managing Director, Deputy Managing Director, General Manager (Credit and Operations) and Senior Managers reporting to the Managing Director and Deputy Managing Director. The remuneration of key management for the year ended 31st December 2022 was TZS 1,632 Million (TZS 1,348 Million in 2021)

**8.2.4 Employees Welfare**

The relationship between employees and management continued to be cordial. The bank provides training, medical assistance and loans to its employees. Employees were deputed for training conducted by Bank of Tanzania (BOT), National Board of Auditors and Accountants (NBAA) and Tanzania Institute of Bankers (TIOB) in the areas of Risk Management, Accounting Standards, Regulatory Compliance, Banking operations, etc. There were no unresolved complaints received by management from individual employees or groups thereof. The bank recruited and trained new staff to provide unhindered services to customers.

**8.2.5 Related Party Transaction**

Bank of Baroda (Tanzania) Limited has a related party arrangement that provide guidance on the conduct of insider trading. Insiders are allowed to borrow to the limit not exceeding ten (10) percent for single borrower and twenty five (25) percent in aggregate against the bank's core capital at any point in time. Parties are considered related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. Banking relationships are entered into with related parties to include key management staff, Directors, the associates and companies of key management staff and Directors.

There were no loans and advances to neither companies associated to related parties nor related parties for the Financial year 2022. Key management staff are provided by loans covered under the human resources policy and hence not defined as related party transaction. However, as per Transfer Pricing regulation, key management staff loans and deposits are considered as related part transactions hence disclosed under note 26.

**8.3 Ethical Behaviour and Organization Integrity**

Bank of Baroda (Tanzania) Limited corporate governance structure involves managing and controlling relationships amongst different stakeholders including the parent bank, Board of Directors, employees, customers, suppliers and the community at large. The Board and all employees of the bank observe values and ethical business practices as enshrined in the Baroda Code of Ethics which governs all its business interactions and relationships to stakeholders.

**9. Risk Management and Internal Control**

The Board accepts ultimate responsibility for the risk management and internal control function of the Bank of Baroda (Tanzania) Limited. It is the responsibility of the Management to ensure that adequate internal control systems are developed and maintained on an on-going basis in order to provide reasonable assurance regarding:

- The effectiveness and efficiency of operations,
- The safeguarding of the Bank's assets,
- Compliance with applicable laws and regulations,
- The reliability of accounting records,
- Business sustainability under normal as well as adverse conditions, and
- Responsible behaviours towards all stakeholders.

Good governance is dependent on adequate and effective Governance Framework which is in line with best international practices. In order to ensure the internal controls remain adequate, the Bank has a full-fledged Risk and Compliance function that coordinates and oversees the implementation of enterprise wide risk management framework within Bank of Baroda (Tanzania) Limited. In addition, the Board through its Risk Committees evaluated the internal control systems during the financial year ended 31 December 2021. It is of the opinion that they adequately and efficiently mitigate risks inherent in Bank of Baroda (Tanzania) Limited's operations.

**10. Principal Risks and Uncertainties**

The principal risks that may significantly affect the Bank's strategies and development are mainly operational, fraud and financial risks. The description of the operational, fraud and financial risks contend the Bank and whose related management controls in place are as hereunder:

**REPORT OF THE DIRECTORS (CONTINUED)****10. Principal Risks and Uncertainties (continued)****10.1 Fraud risk**

There is a general increase in fraudulent transactions in the Banking industry in Tanzania. Management has put in place several controls to mitigate the fraud risk. These controls include:

- The Bank has adequate segregation of duty control in each sensitive area of the operations which include cheque handling, Automated Teller Machine (ATM) card and Personal Identification Number (PIN) controls and strong room,
- The Bank has adequate internal reports generated by system on daily basis that helps detection of any misappropriations and irregularities, and
- The Bank has an Internal Auditor who verifies and provides assurance on the banks operations which serves as a protection against any future risk.

**10.2 Operational risk**

The Bank is exposed to operational risks that may arise from inadequate or failed internal processes, people, systems or external events. However, Bank of Baroda (Tanzania) Limited has adequate operational risk policies and risk management framework that cater for mitigation of these risks

This is a risk resulting from the Bank's activities not being conducted in accordance with formally recognised procedures including non-compliance with Know Your Customer (KYC) and account opening procedures. Management has put in place several controls to mitigate the operational risk including the following:

- The Bank has operational manual for its daily activities, which provides adequate procedures and rules of attending every activity of the Bank,
- The Bank has several policies, which guide the operations of every department and units in a bank, and
- The Bank has a system of ensuring every transaction and event concluded were properly under supervision and authorization.

**10.3 Financial risk**

The Bank's activities expose it to a variety of financial risks and those activities involve the analysis, evaluation, acceptance and management of some degree of risk or combination of risks. More details of the financial risks facing the Bank are provided in Note 4 to the financial statements.

Financial risk includes credit, liquidity and market risks. Bank of Baroda (Tanzania) Limited overall risk management policies are set out by the Board of Directors and implemented by the Management. These policies involve identification, measurement, evaluation and mitigation or control of such risks. The additional details of the financial risks facing the Bank are provided in the notes to the financial statements.

Management has put in place several controls to mitigate the financial risk including the following:

- The Bank has adequate policies that guide each operation relating to financial risk like credit policy, financial policy and Management of Asset and Liability policy,
- Management has internal reports that serve as red flags which puts attention to management in thoroughly reviewing the respective operations like net open position, exchange rates and general asset revaluation, and
- The Bank has in place insurance policies that cover for credit life Insurances for its borrowers.

**REPORT OF THE DIRECTORS (CONTINUED)**
**10. Principal Risks and Uncertainties (Continued)**
**10.3 Financial risk (Continued)**
**10.3.1 Liquidity risk**

Liquidity risk is the risk that a Bank is unable to meet its payment obligations associated with its financial liabilities when they fall due and to replace funds when they are withdrawn. The consequence may be the failure to meet obligations to repay depositors and fulfill commitments to lend.

The Bank's liquidity management process, as carried out within the Bank and monitored by the Asset and Liability Committee (ALCO) of the Bank, include:

Day-to-day funding, managed by monitoring future cash flows to ensure that requirements can be met. These include replenishment of funds as they mature or are borrowed by customers. The Bank maintain an active presence in money markets to enable this to happen;

Maintaining a portfolio of highly marketable assets that can easily be liquidated as protection against any unforeseen interruption to cash flow;

Monitoring balance sheet liquidity ratios against internal and regulatory requirements; and

Managing the concentration and profile of debt maturities.

**10.3.2 Interest rate risk**

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rates. The Bank takes on exposure to the effects of fluctuations in the prevailing levels of market interest rates on both its fair value and cash flow risks. Interest margins may increase as a result of such changes but may reduce losses in the event that unexpected movements arise. The Bank's Asset and Liability Committee (ALCO) sets limits on the level of mismatch of interest rate repricing that may be undertaken, which is monitored regularly by the Bank. More details of the interest risks facing the Bank are provided in Note 4 to the financial statements.

**10.3.3 Credit risk**

Credit risk is a risk of loss due to the inability or un-willingness of a client or the guarantors to meet their obligations. Credit risk is a major risk faced by the bank. In order to manage this risk, the Board has designed a credit policy for the bank, which is documented and forms basis for all credit approval decisions. The bank also controls this risk by limiting exposure to one borrower or a group of borrowers, geographical area, industrial segments, etc. Regular audit of credit process is undertaken by the internal audit. The classification of advances based on the overdue balances, showing exposure to credit risk and other disclosures are given in note 4 to the Financial Statements.

**10.3.4 Systemic Risk**

Systemic risk is the risk that an event at the micro level of an individual bank for example could then trigger instability or collapse an entire industry or economy. The systemic event adversely affects a number of systemically important intermediaries or markets and the trigger of which can be exogenous shock or endogenous shock. The event is strong when the intermediaries concerned fail or when the markets concerned becomes dysfunctional.

To ensure the control over the systemic risk, Bank of Baroda (Tanzania) Limited as financial institution works under guidance and in compliance to verities of risk management platforms to ensure financial system soundness in the industry and the economy at large. The Bank has controls in place to ensure maximum compliance to regulatory requirements, international and local reporting and/or accounting standards, Basel standards, laws in force of the banking business and many other controlling platforms.

**11. Capital Structure**

The Bank's capital structure for the year under review is as follows:

	2022	2021
	TZS'000	TZS'000
Authorized share capital		
25,000,000 shares of TZS 1,000 each	25,000,000	25,000,000
Issued and fully paid-up share capital		
10,000,000 shares of TZS 1,000 each	10,000,000	10,000,000

**12. Regulatory Capital**

During the period, the Bank has complied with the requirements of Bank of Tanzania. The details on capital management are provided on Note 5.

**13. Shareholders of the Bank**

Below are the shareholders of the Bank:

S/n	Shareholder	Nationality	2022	2021

**14. Results and Dividends**

The Board passed the resolution to approve payment of dividend of TZS 20.85 per share out of the retained earning vide the AGM held in June 2022. The Board is proposing to a dividend of TZS 32.52 per share which is 10 percent (2021: 13.84 percent) of the unaudited profit and plough back the remained profit to strengthen owned funds.

**REPORT OF THE DIRECTORS (CONTINUED)****15 Performance for the Year****15.1 Tanzania Economic Review**

The economy continued to experience spill over effects of global shocks, which include high commodity prices, resurgence of COVID-19, climate change and high inflation. These shocks are due to supply-chain disruptions caused by war in Ukraine and resurgence of COVID-19 outbreak in some countries. Performance of the economy in the first two quarters of 2022 was 5.2 percent, which is fairly satisfactory given the unprecedented global challenges faced. The high frequency indicators of economic activities also show satisfactory performance.

During the third quarter 2022, the value of Quarterly Gross Domestic Product (QGDP) in an absolute term at current prices increased to TZS. 42.9 Trillion from TZS. 38.4 Trillion in the similar quarter in 2021. Further, the value of QGDP at 2015 constant prices also increased to TZS. 33.9 Trillion in the third quarter 2022 from TZS 32.2 Trillion in the similar period in 2021 equivalent to growth rate of 5.2 percent.

Tertiary activities (Trade and Repair; Accommodation and Food Services; Transport and Storage; Information and Communication; Financial and Insurance Services; Public Administration and Defense; Professional, Scientific and Technical Services; 10 Administrative Support Services; Real Estate, Education, Human Health, Arts, Entertainment and Recreation; Other Social Services, and Activities of Households as Employers) accounted for the largest share of 41.2 percent to GDP in the third quarter 2022, followed by Primary activities (Crops, Livestock, Forestry, Fishing and Mining and Quarrying) accounted for 32.9 percent and Secondary activities (Manufacturing, Electricity, Water Supply and Construction) accounted for 25.9 percent. Note that, shares to GDP have been computed before adjustment for taxes

According to the World Economic Outlook (WEO) October 2022 report, the global economic growth rate for 2022 is projected to remain unchanged at 3.2 percent as previously projected in the WEO July 2022 report. The revision considered challenges associated with the on-going Russian-Ukraine war, cost-of-living crisis caused by persistent and broadening inflation pressures, adverse climate change and the slow-down in China

The Bank of Tanzania continued to implement a cautious monetary policy stance in balancing between growth and inflation in the current unpleasant global environment, which have negative spillover effects to the economy. As a result, extended broad money supply grew in line with target for 2022/23, averaging 11 percent during the quarter ending September 2022, compared with the target of 10.3 percent. This outturn was supported by strong growth of credit to the private sector attributable to ongoing recovery of economic activities, improved business conditions and supportive monetary policy

**REPORT OF THE DIRECTORS (CONTINUED)****15 Performance for the Year (continued)****15.2 Banking Sub-sector Review (continued)**

Interest rates charged on loans eased, with overall lending rate averaging 16.11 percent in the quarter ending September 2022, compared with 16.63 percent in the corresponding quarter in 2021. Interest rates offered on deposits by banks increased, with overall time deposit rate averaging 7.53 percent compared with 6.87 percent in the quarter ending September 2021. Negotiated deposit rates also rose to an average of 9.68 percent, from 9.48 percent

The inter-bank cash market (IBCM) remained active in supporting the distribution of shilling liquidity among banks. Total market transactions amounted to TZS 5,635.1 billion compared with TZS 3,948.6 billion traded in the quarter ending September 2021. The market was dominated by 2 to 7 days' placements, which accounted for 67 percent of the total turnover. Overnight IBCM interest rate averaged 3.41 percent, lower than 3.85 percent in the similar quarter in 2021. The overall and 2 to 7 days IBCM interest rates remained almost unchanged at 4.69 percent and 4.57 percent, respectively

The shilling remained stable consistent with moderate inflation rate, trading at an average rate of TZS 2,320.23 per US dollar, compared with TZS 2,319.87 per US dollar in the preceding month. On annual basis, the shilling depreciated by 0.6 percent from TZS 2,304.64 per US dollar in December 2021

**15.3.3 Variance Analysis**

We are pleased to analyse the significant variances in the trend for the period under review compared to the performance of the Bank for the financial year ended 31<sup>st</sup> December, 2021.

The growth in net profit before and after taxation was on account of decline in impairment and write off of impaired accounts as per regulatory requirements. There were no write off during the year while an amount of TZS 0.89 Billion were written off during 2021.

Growth in Operating expenses in response to increased cost of living emanating from external geo-political events like sanctions of Russia in the backdrop of Russia-Ukraine war among other factors. The prices of all goods and services hiked during the period under review. The war caused shortage in crude oil in the world market sufficient to aid the inflation development that escalated the price hike of all goods and services

**15.3.4 Bank's performance vis-a-vis Industry**

During the last eighteen years of operations, the Bank could establish its business at sizable level. In the financial year 2022, despite challenging industry scenario and the COVID 19 pandemic, the Bank has shown improved performance in all the parameters. Operating efficiency wise, the Bank continued to be one of the best banks operating in Tanzania. In adverse environment most of the banks in Tanzania are either experiencing sharp decline in profit or incurring net loss. The performance of the Bank for the Financial Year 2022 as compared to the Industry average is as under;

- i. The Gross NPA of the Bank was 2.75% but lower than the industry average of 8.40% and the regulatory minimum requirement of 5%. The Bank has continued with its focus on NPA recovery and has taken measures to maintain the NPA below the maximum requirement of 5% in FY 2022.
- ii. The Return on Average Assets of the Bank was 1.38% higher than the industry average of 1.15%. The Bank has continued with its focus on assets quality improvement and has recorded a growth of 2.81% (total assets) in the Financial Year 2022.
- iii. The Net Interest Income (NIM) of the Bank was 4.67% lower than the industry average of 10.01%. The Bank has continued with its focus on assets quality improvement and has maintained a growth of 0.29% (interest bearing assets) in the Financial Year 2022.

**REPORT OF THE DIRECTORS****16. Cashflow**

The Bank's investment in government securities has grown by TZS 6.24 billion (2021: TZS 1.21 billion decline) and lending to customers rose by TZS 2.07 billion (2021: TZS 14.52 billion). On the other hand, deposits rose by TZS 1.39 billion (2020: TZS 16.45 billion). Such investment activities and customer deposits are the major factors explaining the Bank's movement in cash flow generated from operations. From total investments in securities, 12% is expected to mature in 2022. The Bank continues to maintain sound liquidity position to enable it meet its cash flow commitments and requirements.

**17. Liquidity and Funding Policy**

Bank of Baroda (Tanzania) Limited strongly emphasise on liquidity risk management and daily cash flow management which is handled by the Treasury Department to ensure the Bank holds sufficient liquid assets to enable it continue with normal operations. Asset Liability Committee (ALCO) also manages the Bank's exposure to liquidity risk by ensuring that limits are in line with realistic assumptions and tracks compliance on a monthly basis. Stress test to ascertain the Bank's resilience to market shocks is done by Risk and Compliance Department.

The Bank's main sources of funding are customers' deposits and shareholders' funds and occasionally interbank borrowings as part of its normal market operations. All these initiatives aimed at reducing dependency on interbank borrowing and provide financing of midterm to long term projects.

**18. Treasury Policy**

The Bank of Baroda (Tanzania) Limited operates a centralized treasury department for managing treasury activities in accordance with the framework of treasury policies and guidelines approved by the Board. The treasury department transacts with a number of counterparty banks and financial institutions, and adopts a systematic approach to the control and monitoring of counterparty credit risk. Bank of Baroda (Tanzania) Limited, through its Risk and compliance department, monitors compliance against the principal policies and guidelines. The key treasury policies are:

**18.1 Market Risk**

The policy provides guidance/ framework for managing exchange rate and interest risks, also protect the value of the bank assets from adverse effects of market rate movements.

**18.2 Liquidity Risk**

Provide guidance for management of the liquidity risk under normal and crisis situation. This set out a liquidity management decision making structure in the bank, approach to funding and planning for liquidity planning and management, regulatory compliance and contingency funding. Strong cash generation in recent years and a prudent financing strategy have resulted in adequately position to withstand the credit crisis in the bank and capital markets.

**REPORT OF THE DIRECTORS (CONTINUED)****18. Treasury Policy (Continued)****18.3 Contingent Funding Plan**

Manages stressed liquidity situation created by a problem or market wider crisis and ensure that the bank is able all the time to meet its matured obligations as they fall due and remain as good as going concern.

**18.4 Limit**

Provide guidance/framework for managing market and liquidity risks for the counterparties at domestic and international level. It also provides guidance for investment and credit exposures limit.

**18.5 Current Liquidity and level of Borrowing**

The Bank ensures that liquidity is monitored and adequately manages its liquidity gap by determining the excess or shortage of funds at selected maturity dates by tracing cash inflows and outflows over a series of specified time buckets. The aim is to trace and reflect the maturity periods for the Bank's assets and liabilities.

**18.6 Maturing profile and Un-drawn commitment Borrowing**

The Bank is sound and will remain to be sound in liquidity position as it has adopted a more conservative approach to the investment of its surplus cash, with money market deposits being placed with relatively stronger financial institutions for shorter periods. Bank counterparty credit risk has been, and continues to be, monitored closely on a systematic and ongoing basis, taking account of the size of the institution.

**19. Future Development Plans**

In 2023, the Bank will continue implementing the 5-year strategy focusing systems and products while also improving quality of service. The Bank will also continue with aggressive recovery of bad loans and enhancement of credit risk management.

**20. Accounting Policies and Critical Judgement and Estimates**

Results of the Bank are sensitive to the accounting policies, assumptions and estimates that underline the preparation of the financial statements. When preparing the financial statements, it is the Directors' responsibility under the Tanzania Companies Act 2002 to select suitable accounting policies and to make judgments and estimates that are reasonable and prudent. The accounting policies that are deemed critical to our results and financial position, in terms of the materiality of the items to which the policies are applied and the high degree of judgment involved, including the use of assumptions and estimation, are described in Notes 2 to the financial statements.

**21. Solvency**

The state of affairs of the Bank as at 31 December 2022 is set out on page 28 of the financial statements. The Directors consider the Bank to be solvent within the meaning ascribed by the Tanzania Companies Act, 2002. In the opinion of the Directors, there are no prejudicial matters that can affect the Bank.

**22. The Key Resources and Strength**

Bank of Baroda (Tanzania) Limited continues to give its top priority to key resources which are people and technology which gives us strength in service delivery, productivity and financial strength. Customer satisfaction depends first and foremost on people and hence employees continue to be the most important asset as demonstrated by this year's result which is a tribute to their commitment and hard work. Bank of Baroda (Tanzania) Limited has skilled and experienced employees who are considered as key resources in pursuing its business objectives. Bank of Baroda (Tanzania) Limited continues to encourage open and honest communication in decision making. ICT is also an important enabler in service delivery. This is the reason why Bank of Baroda (Tanzania) Limited has continuously investing in the state of art technology to realise operational excellence and better service delivery to our customers.

Productivity has been the key focus for Bank of Baroda (Tanzania) Limited and thus the initiatives we embarked on during the year have made us achieve significant progress in embedding productivity culture throughout Bank of Baroda (Tanzania) Limited. Our aspiration is to continuously make the Bank more customers focused and efficient in the long term, while managing short term expenses within appropriate level. Given the strength of Bank of Baroda (Tanzania) Limited we have ample capacity to support our customers.

**REPORT OF THE DIRECTORS****23. Fiduciary Responsibility**

Members of the Board of Directors as stewards of public trust always acted for the good of the bank rather than for the benefit of themselves throughout the period. Reasonable care was exercised in all decisions taken by the bank without placing the Bank under unnecessary risks.

**24. Environmental Control**

The Bank is committed to the prevention of environmental pollution and is in compliance with relevant environmental laws in the area it operates as a minimum standard and seek to implement best practices wherever possible.

**25. Gender Parity**

The Bank gives gender equal opportunities to all Tanzanians during recruitment and filling of positions provided they have the required qualifications and ability. Out of the total number of employees in the Bank as at 31 December:

Gender	2022	2021	2020	2019
Male	31	28	28	29
Female	21	21	22	20
Total	52	49	50	49

**26. Employees Welfare****26.1 Training Program**

Bank of Baroda (Tanzania) Limited spent TZS 45.46 million in the period under review from TZS 37.58 million incurred in 2021 on staff training in order to improve employees' technical skills and performance. A total number of 25 (2021: 23) staff were financed by the Bank to attend various trainings during the year. In year 2022, Bank of Baroda (Tanzania) Limited continued to provide e-learning training courses covering soft skills and specialised courses for ICT, risk management, relationship management and credit management which enabled employees to acquire relevant skills for better understanding of their work. The Bank is encouraging staff to pursue Distance Learning Programme on banking certificate and diploma courses that can be easily accessed countrywide. In house training programmes and structured programmes offered locally and internationally were also part of the training programmes for 2022 to enable experience sharing and exposure.

**26.2 Medical Assistance**

Bank of Baroda (Tanzania) Limited continues to provide medical services to its employees, their spouses and up to four children. The services is structured in such a way that, all local employees are covered by health insurance while expatriate employees are served on reimbursement basis. The spirit of Bank of Baroda (Tanzania) Limited is to assist employees work life balance and ensure better productivity.

**26.3 Health and Safety**

Bank of Baroda (Tanzania) Limited takes all reasonable and practicable steps to safeguard health, safety and welfare of its employees. A safe working environment is maintained for all employees by providing adequate and proper personal protective equipment, training and supervision as necessary. Bank of Baroda (Tanzania) Limited observes Occupational Safety and Health Administration (OSHA) requirements and ensures full compliance.

**REPORT OF THE DIRECTORS (CONTINUED)****26. Employees Welfare (continued)****26.4 Financial Assistance to Staff**

Incentive Loans and advances are available to all confirmed employees depending on the assessment and discretion of management as to the need and circumstances in line with the Human Management Resources and Credit Policies.

**26.5 Staffing**

As at 31 December, 2022 Bank of Baroda (Tanzania) Limited's number of employees were 52 employees from 49 in 2021. Out of the total number of staff in Bank of Baroda (Tanzania) Limited as at 31 December 2022; 31 were male and 21 females. Bank of Baroda (Tanzania) Limited gives equal access to employment opportunities and ensures that the best available person is appointed to any given position free from discrimination of any kind and without regard to factors such as gender, marital status, tribe, religion, and disability which does not impair ability to discharge duties.

**26.7 Disabled persons**

It remains the Bank's policy to accept disabled persons for employment for those vacancies that such persons are able to fill. The bank has not recruited any disabled persons during the year.

**27. Gratitude**

The Board of directors express its sincere gratitude to the Government of the United Republic of Tanzania, Bank of Tanzania, Bank of Baroda (India) and Tanzania Investment Centre, valued clients, staff, all the stakeholders and well wishers for their co-operation and support.

**28. Events After Reporting Period**

There are no material events, adjusting or non adjusting, which have occurred between the reporting date and the date when financial statements are authorized for issue.

**29. Auditor**

M/s Nexia SJ Tanzania, of P.O. Box 12729, Dar es Salaam were appointed as the independent auditors of Bank of Baroda (Tanzania) Limited for the year ended 31 December 2022. The auditors have expressed their willingness to continue in office. **By Order of the Board**

.....  
**Mr. Aditya Narayan Singh**  
Managing Director

.....  
**Mr. Vikash Kumar Pandey**  
Deputy Managing Director

Date :

The directors are required in terms of the Companies Act of 2002 to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the bank as at the end of the financial year and the results of its operations and cash flows for the year then ended, in conformity with International Financial Reporting Standards, the requirements of the Companies Act of 2002 and Banking and Financial Institution Act, 2006. The external auditors are engaged to express an independent opinion on the financial statements

The financial statements are prepared in accordance with International Financial Reporting Standards, the requirements of the Companies Act of 2002, Banking and Financial Institution Act, 2006 and the guidelines of Bank of Tanzania, and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the bank and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the board sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the bank and all employees are required to maintain the highest ethical standards in ensuring the bank's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the bank is on identifying, assessing, managing and monitoring all known forms of risk across the bank. While operating risk cannot be fully eliminated, the bank endeavours to minimize it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors acknowledge that they are responsible for establishing appropriate policies and procedures to prevent non-compliance with laws and regulations (NOCLAR), including whistle blowing procedures as a necessary part of good internal governance.

The directors are of the opinion, based on the information and explanations given by management that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The directors have reviewed the bank's cash flow forecast for the year to 31 December 2023 and, in the light of this review and the current financial position, they are satisfied that the bank has access to adequate resources to continue in operational existence for the foreseeable future

The external auditors are responsible for independently reviewing and reporting on the bank's financial statements. The financial statements have been examined by the bank's external auditors and their report is presented on pages 21 to 26

The financial statements set out on pages 27 to 50, which have been prepared on the going concern basis, were authorised and approved by the board of directors on **28th March 2023** and signed on its behalf by:

.....  
**Mr. Aditya Narayan Singh**  
Director

.....  
**Mr. Vikash Kumar Pandey**  
Director

The National Board of Accountants and Auditors (NBAA) according to the power conferred under the Auditors and Accountants (Registration) Act. No. 33 of 1972, as amended by Act No. 2 of 1995, requires financial statements to be accompanied with a declaration issued by the Head of Finance/Accounting responsible for the preparation of financial statements of the entity concerned.

As stated above, it is the duty of the Finance Manager as the Professional Accountant to assist the directors to discharge the responsibility of preparing financial statements of the company that show a true and fair view of the company's position and performance in accordance with International Financial Reporting Standards and as per requirements of the Tanzania Company's Act 2002, and Banking & Financial Institutions Act. Full legal responsibility for the preparation of financial statements rests with the directors as disclosed in the Statement of director's responsibility on page 19.

I CPA **Deogratias Edward Ndushi** being Head of Finance/Accounting of Bank of Baroda (Tanzania) Limited hereby acknowledge my responsibility of ensuring that financial statements for the year ended 31 December 2022 have been prepared in compliance with International Financial Reporting Standards, Banking and Financial Institutions Act, 2006 and the Tanzanian Companies Act, 2002.

I thus confirm that the financial statements give a true and fair view position of Bank of Baroda (Tanzania) Ltd as at 31 December 2022 and that they have been prepared based on properly maintained financial records.

Signed by:  .....

**REPORT OF THE INDEPENDENT AUDITOR  
TO THE MEMBERS OF BANK OF BARODA (TANZANIA) LIMITED**

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of Bank of Baroda (Tanzania) Limited, which comprise the statement of financial position as at 31 December 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Bank as at 31 December 2022, and its financial performance and cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and the requirements of the Companies Act, 2002 and the Banking and Financial Institutions Act, 2006 of Tanzania.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are independent of the Bank in accordance with the International Ethics Standards Board for Accountant's Code of Ethics for Professional Accountants (IESBA Code) together with the National Board of Accountants and Auditors (NBAA) Code of Ethics and we have fulfilled our ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**REPORT OF THE INDEPENDENT AUDITOR (CONTINUED)**  
**TO THE MEMBERS OF BANK OF BARODA (TANZANIA) LIMITED**

**Report on the Audit of the Financial Statements (continued)**

**Key Audit Matters (continued)**

No.	Key audit matters	How our audit addressed the key audit matter
1.	<p><b>Impairment loss on loans and advances to customers</b></p> <p>Impairment is a subjective area due to the level of judgement applied by management in determining provisions. The Bank is required to calculate impairment of loans and advances in accordance with both the regulations of the Bank of Tanzania and IFRSs.</p> <p>We focused on the identification of impairment events, which differs based upon the type of lending product and customer. Judgement is required to determine whether a loss has been incurred. We also focused on the measurement of impairment losses, including the assessment of whether historical experience is appropriate when assessing the likelihood of incurred losses in respect to loans. As disclosed in under the <i>significant accounting policies</i>, judgement is applied in determining the appropriate parameters and assumptions used to calculate impairment. For example, the assumption of customer that will default, the valuation of collateral for secured lending and the expected future cash flows of loans.</p> <p>The disclosure associated with credit risk is set out in the financial statements, under Significant accounting policies point number 3.</p>	<ul style="list-style-type: none"> <li>• Our audit procedures included the assessment of key controls over the approval, recording and monitoring of loans and advances, and evaluating the methodologies, inputs and assumptions used by the Bank in calculating collectively assessed impairment losses, and assessing the adequacy of impairment allowances for individually assessed loans and advances. We compared the Bank's assumptions for impairment allowances to externally available industry, financial and economic data and our own assessment in relation to key inputs. As part of this, we assessed the Bank's estimates and assumptions used including the consistency of judgement applied in determination of the amount and timing of expected future cash flows, and consideration of economic factors and historical default rates.</li> <li>• We evaluated whether the Bank's assumption on the expected future cash flows, including the value of realisable collateral was based on up-to-date valuations and available market information.</li> <li>• We also assessed whether the financial statements disclosures appropriately reflect the Bank's exposure to credit risk.</li> <li>• We challenged management assumptions regarding the recovery rate of unsecured facilities.</li> </ul>

**Key Audit Matters (continued)**

No.	Key audit matters	How our audit addressed the key audit matter
2.	Information control systems and controls over financial reporting in the financial statements.	
	<p>The Bank's financial and accounting and reporting systems are heavily dependent on complex systems. Significant reliance on IT systems presents a significant risk to the Bank as the core banking system is considered complex due to multiple significant functionalities and interdependencies with other systems. We spent significant audit effort in the audit of these systems as part of the audit process, as it is critical for the control environment of the bank and therefore, we determined it to be a key audit matter.</p>	<p>Our audit procedures in this area included, among others the use of our IT auditors / specialists in:</p> <ul style="list-style-type: none"> <li>• Reviewing of IT Governance practices to access their adequacy, the existence of IT Risk assessment, and the role of IT Steering Committee (if any) and the Board of Directors;</li> <li>• Reviewing information systems within the financial institutions including core banking system, operating systems, applications, databases, servers and networking devices and confirm whether all the systems are robust enough to ensure data integrity, confidentiality and availability;</li> <li>• Performing application controls testing which include configuration controls, sensitive access and segregation of duties controls, interface controls, data integrity controls and obtain reasonable assurance on the accuracy and completeness of reports;</li> <li>• Reviewing and accessing whether balances resulting from all transactions and data processed within the Bank's IT system are accurately captured and reported in the General Ledger, the Financial Statements and Returns submitted to the BOT; and</li> <li>• Reviewing IT security controls including application security, privileged access, audit trails, system monitoring and maintenance, controls over program and system changes, integrity and systems ability to recover from unexpected shutdown's and ability to recover from a disaster resulting in loss of data. The business continuity practice in its totality was reviewed.</li> </ul>

**REPORT OF THE INDEPENDENT AUDITOR (CONTINUED)  
TO THE MEMBERS OF BANK OF BARODA (TANZANIA) LIMITED**

**Report on the Audit of the Financial Statements (continued)**

**Other Information**

Other information consists of the information included in the corporate information, report of the directors, statement of directors' responsibility and declaration of the head of finance, other than the financial statements and our auditor's opinion thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance thereon.

Directors' are responsible for the other information. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Directors and Those Charged with Governance for the Financial Statements**

Directors' are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs) and the requirements of the Companies Act, 2002 and the Banking and Financial Institutions Act, 2006 of Tanzania, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is given in the Appendix to Independent Auditor's report. This description forms part of our auditor's report.

**REPORT OF THE INDEPENDENT AUDITOR (CONTINUED)  
TO THE MEMBERS OF BANK OF BARODA (TANZANIA) LIMITED**

**Report on the Audit of the Financial Statements (continued)**

**Report on Other Legal and Regulatory Requirements**

This report, including the opinion, has been prepared for, and only for, the Bank's members as a body in accordance with the Companies Act, 2002 and for no other purpose.

As required by the Companies Act, 2002 we report to you, based on our audit that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (ii) in our opinion proper books of account have been kept by the Bank, so far as appears from our examination of those books; and
- (iii) the Bank's statement of financial position and statement of comprehensive income are in agreement with the books of account.

As required by the Companies Act, CAP 212 Act No. 12 of 2002, we are also required to report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the Bank has not kept proper accounting records, if the financial statements are not in agreement with the accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the Bank is not disclosed. In respect of the foregoing requirements, we have no matter to report.

As required by the Banking and Financial Institutions (External Auditors) Regulations, 2014 of Tanzania, we report to you, based on our audit, that:

- In our opinion, the capital adequacy ratios as presented in Page 42 of the financial statements have been computed in accordance with the Banking and Financial Institutions Act, 2006, and the Banking and Financial Institutions (Capital Adequacy) Regulations, 2014 of Tanzania.

**TO THE MEMBERS OF BANK OF BARODA (TANZANIA) LIMITED**

**Report on the Audit of the Financial Statements (continued)**

**Appendix to Independent Auditors Report**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## 1 REPORTING ENTITY

Bank of Baroda (Tanzania) Limited is a wholly owned subsidiary of Bank of Baroda Ltd., India. It has been incorporated under the Tanzanian Companies Act, 2002 on 4 December 2003. The Bank of Tanzania issued a license to conduct Banking Business under Section 5 of the Banking & Financial Institutions Act, 1991 (As amended) on 7 October 2004. The Bank commenced business on 13 October 2004. The principal activity of Bank of Baroda (Tanzania) Limited is to provide banking and related services stipulated by the Banking and Financial Institutions Act, 2006.

The address of the registered office is as follows:

Plot No. 149/32  
Ohio / Sokoine Drive  
P. O. Box 5356  
Dar es Salaam, Tanzania.

The Bank's financial statements for the year ended 31 December 2022 have been approved for the issue by the Board of Directors on **28th March, 2023**. neither the entity's owners nor others have the power to amend the financial statements after issue.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated.

### 2.1 Statement of compliance

The financial statements are prepared in compliance with International Financial Reporting Standards (IFRS). The financial statements are presented in Tanzania Shillings (TZS) which is also the functional currency, rounded to the nearest

The financial statements comprise statement of comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows, and notes to financial statements. Income and expenses, excluding the components of other comprehensive income, are recognised in the statement of comprehensive income. Transactions with the owners of the Bank in their capacity as owners are recognised in the statement of changes in equity.

### 2.2 Basis of preparation

The Bank's financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS). Additional information required by the Tanzania Companies Act 2002 and the Banking and Financial Institution Act, 2006 were included where appropriate. The financial statements comprise statement of profit or loss and other comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows and the notes to financial statements.

The measurement basis applied in the preparation of these financial statements is the historical cost basis, except where otherwise stated in the accounting policies below. The financial statements are presented in Tanzania shillings (TZS) and the amounts are rounded to the nearest thousand shillings except where otherwise indicated.

The preparation of financial statements in accordance with IFRS requires the use of certain critical accounting estimates. It also requires the directors to exercise judgement in the process of applying the Bank's accounting policies. Changes in assumptions may have a significant impact on the financial statements in the period the assumptions changed. The directors believe that the underlying assumptions are appropriate and that the Bank's financial statements therefore present the financial position and results fairly

The areas involving a higher degree of judgement, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

**2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**2.3 Changes in accounting policy and procedures**

**i) Standards adopted**

Title	Key requirements
Amendments to IFRS 16 'Leases' – Covid-19 related rent concessions	<p>As a result of the corona virus (COVID-19) pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. On 28 May 2020, the IASB published an amendment to IFRS 16 that provides an optional practical expedient for lessees from assessing whether a rent concession related to COVID-19 is a lease modification. Lessees can elect to account for such rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concession as variable lease payments in the period(s) in which the event or condition that triggers the reduced payment occurs.</p> <p>The amendment had no impact on the financial statements of the Bank.</p>
Amendments to IFRS 17 and IFRS 4, 'Insurance contracts', deferral of IFRS 9	<p>These amendments defer the date of application of IFRS 17 by 2 years to 1 January 2023 and change the fixed date of the temporary exemption in IFRS 4 from applying IFRS 9, Financial instrument until 1 January 2023.</p> <p>These amendments had no impact on the financial statements of the Bank.</p>
Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform – Phase 2	<p>The Phase 2 amendments address issues that arise from the implementation of the reforms, including the replacement of one benchmark with an alternative one.</p> <p>These amendments had no impact on the financial statements of the Bank.</p>

**ii) New standards and interpretations that are not yet effective and have not been early adopted**

Certain new accounting standards and interpretations have been published that are not mandatory for 31<sup>st</sup> December 2022 reporting periods and have not been early adopted by the Bank. These standards are not expected to have a material impact on the Bank in the current or future reporting periods and on foreseeable future transactions

Title	Key requirements	Effective date
Amendments to IAS 1 — Practice Statement 2 and IAS 8	<p>The amendment aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies. IFRS Manual of accounting para 3.24-3.31</p>	<p>Published February 2021. Effective for annual periods beginning on or after January 1, 2023. Early application is permitted.</p>
Amendments to IAS 12 — Deferred Tax related to assets and liabilities arising from a single transaction	<p>These amendments require companies to recognise deferred tax on transactions that, on recognition, give rise to equal amounts of taxable and deductible temporary differences. IFRS Manual of accounting para 14.18</p>	<p>Published May 2021. Effective for annual periods beginning on or after January 1, 2023. Early application is permitted.</p>
Amendments to IFRS 16 — Leases on sale and leaseback	<p>These amendments includes requirement for sale and leaseback transactions in IFRS 16 to explain how an entity account for sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.</p>	<p>Published September 2022. Effective for annual periods beginning on or after January 1, 2024. Earlier application is permitted.</p>
Amendments to IAS 1 — Non current liabilities with covenants	<p>These amendments clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability.</p>	<p>Published November 2022. Effective for annual periods beginning on or after January 1, 2024. Early application is permitted.</p>
IFRS 17 — Insurance Contracts	<p>This standard replaces IFRS 4, which permits a wide variety of practices in accounting for insurance contracts. IFRS 17 will fundamentally change the accounting by all entities that issue insurance contracts and investment contracts with discretionary participation features. IFRS Manual of accounting Chap 50a</p>	<p>Published May 2021 with amendment in June 2020 and December 2021. Effective date: Annual periods beginning on or after January 1, 2023.</p>

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.4 Interest income and expenses

Interest income and expense for all interest-bearing financial instruments are recognized within 'interest and similar income' and 'interest and similar expense' in statement of profit or loss and other comprehensive income using the effective interest rate method.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of financial assets, except for;

- (a) Purchased or originated credit-impaired financial assets for which the original credit-adjusted effective interest rate is applied to the amortized cost of the financial asset.
- (b) Financial assets that are not purchased or originated credit impaired but have subsequently become credit-impaired (or 'stage 3'), for which interest revenue is calculated by applying the effective interest rate to their amortized cost (i.e.net of the expected credit loss provision).

Interest accruing from non-performing credit accommodations is suspended from being recognized in the statement of profit or loss and other comprehensive income. When a credit accommodation is upgraded to a current status, the suspended interest is released to the statement of profit or loss and other comprehensive income.

### 2.4 Fees and commission income

Unless included in the effective interest calculation in (c) above, fees and commissions are generally recognized on an accrual basis when the service has been provided. Loan appraisal fees for loans that have been or are likely to be drawn down are deferred and recognized over the period of the loan using the effective interest method. Fees and commission expense are deferred and recognized on an accruals basis when incurred.

### 2.5 Foreign currency transactions

On initial recognition, all transactions are recorded in the functional currency (the currency of the primary economic environment in which the company operates), which is Tanzanian Shillings.

Transactions in foreign currencies during the year are converted into the functional currency using the exchange rate prevailing at the transaction date. Monetary assets and liabilities at the statement of financial position date denominated in foreign currencies are translated into the functional currency using the exchange rate prevailing as at that date. The resulting foreign exchange gains and losses from the settlement of such transactions and from year-end translation are recognized on a net basis in the statement of comprehensive income in the year in which they arise.

### 2.6 Financial instruments

#### Classification

Financial instruments held during the year were classified as follows:

- Demand and term deposits with banking institutions, loans & advances and other assets were classified as 'loans and receivables'.
- Government securities were classified as 'held-to-maturity investments'.
- Borrowings, trade and other liabilities including customer deposits were classified as financial liabilities.

#### Recognition and measurement

##### 2.6.1 Financial assets

Financial assets are any assets that is cash, a contractual right to receive cash or another financial asset from another financial institution, a contractual right to exchange financial instrument with another institution under conditions that are potentially favorable or equity instrument of another enterprise.

The Bank classifies its financial assets in the following categories: Financial assets at fair value through statement of comprehensive income; loans and receivables; held-to-maturity investments; and available-for-sale financial assets. Management determines the classification of its investments at initial recognition.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### 2.6.1 Financial assets (continued)

#### i. Financial asset at fair value through statement of comprehensive income

The Bank assesses at each financial position whether there is objective evidence that a financial asset is impaired. If any such evidence exists, an impairment loss is recognised. Impairment loss is the amount by which the carrying amount of an asset exceeds its recoverable amount. In the case of held-to-maturity investments and loans and receivables, the recoverable amount is the present value of the expected future cash flows, discounted using the asset's effective interest rate.

A provision for unidentified loan impairment is established to cover losses that are judged to be present in the lending portfolio at the statement of financial position date, but which have not been specifically identified as such. This provision is based on available historical experience and experienced judgment.

When a loan is deemed uncollectible, it is written off against the related provision for impairments. Subsequent recoveries are credited to the provision for loan losses in the statement of comprehensive income. If the amount of the impairment subsequently decreases due to an event occurring after the write-down, the release of the provision is credited as a reduction of the provision for impairment in the statement of comprehensive income.

Loans that are either subject to collective impairment assessment or individually significant and whose terms have been renegotiated are no longer considered to be past due but are treated as new loans. In subsequent years, the renegotiated terms apply in determining whether the asset is considered to be past due.

#### 2.6.1.1 Recognition of financial assets

Financial assets are initially recognized at fair value through profit or loss. Financial assets are derecognized when the right to receive cash flows from the financial assets have expired or when the bank has transferred substantially all risks and rewards of ownership.

#### 2.6.1.2 Statutory loan loss provision

Where impairment losses required by the regulators exceed those computed under IFRS, the excess is recognized as a statutory loan loss reserve and is accounted for as an appropriation of retained earnings. The statutory loan loss reserve is not distributable.

#### 2.6.1.3 General provision reserves

General provisions, recorded as general reserves, are based on 1% of loans and other risk assets classified as current. General provision is part of tier 2 capital as opposed to statutory reserve. The definition of other risk assets is provided in the Banking and Financial Institutions (Management of Risk Assets) Regulation 2014 to mean Total Assets of a bank MINUS its loans, cash, gold, amounts due from the Bank, Government securities, securities issued by the Bank of Tanzania, Government securities issued by other Government institutions which are unconditionally guaranteed by the Government as to repayment of principal and interest at maturity date, bank premises, furniture and equipment, and such other assets as may be declared by the Bank as non-risk.

**2.6 Financial instruments (continued)**

**2.6.1.4 Derecognition of financial assets**

Financial assets are derecognised when the contractual rights to receive the cash flows from these assets have ceased to exist or the assets have been transferred and substantially all the risks and rewards of ownership of the assets are also transferred (that is, if substantially all the risks and rewards have been transferred, the Bank tests control to ensure that continuing involvement on the basis of any retained powers of control does not prevent derecognition). Financial liabilities are derecognised when they have been redeemed or otherwise extinguished.

**2.6.2 Financial liabilities:**

All financial liabilities are recognised initially at fair value of the consideration given plus the transaction cost.

Subsequently, all financial liabilities are carried at amortised cost using the effective interest method.

**2.6.2.1 Presentation**

All financial assets are classified as non-current except, those with maturities of less than 12 months from the financial position date, those which the directors have expressed intention of holding for less than 12 months from the financial position date or those that are required to be sold to raise operating capital, in which case they are classified as current assets.

All financial liabilities are classified as non-current except, those expected to be settled in the company's normal operating cycle, those payable or expected to be paid within 12 months of the financial position date and those which the company does not have an unconditional right to defer settlement for at least 12 months after the financial position date.

**2.6.2.2 Derecognition**

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the company has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged or cancelled or expires.

**2.6.2.3 Offsetting**

Financial assets and liabilities are offset and the net amount reported in the statement of financial position only when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

**2.7 Property and equipment**

All categories of property and equipments are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or are recognised as separate asset, as appropriate, only when it is probable that future economic benefit associated with the asset will flow to the bank for more than one year. All other repairs and maintenance expenses are charged to the statement of comprehensive income.

Depreciation is provided in full in the month of additions. No depreciation is provided in the month of sale/disposal. Depreciation is calculated to write off the cost of the fixed assets over their estimated useful lives, as follows:

	Rate	Method
• Computers and software	33.33%	Straight line
• Vehicles	33.33%	Straight line
• Furniture & fitting	12.50%	Reducing balance
• Leasehold improvement	12.50%	Reducing balance
• Office equipment	12.50%	Reducing balance

Property and equipment are periodically reviewed for impairment. Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount. Gains and losses on disposal of property and equipment are determined by reference to their carrying amount and are taken into account in determining operating profit.

**2.8 Other accounting policies**

- a) Acceptances, guarantees and letters of credits**  
Acceptances, guarantees and letters of credit are accounted for as off balance sheet transactions and disclosed as contingent liabilities.
- b) Leases**  
Leases of assets where a significant proportion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the statement of comprehensive income on a straight line basis over the lease period. Prepaid operating lease rentals are recognized as assets and are subsequently amortized over the lease period.
- c) Cash and cash equivalents**  
Cash and cash equivalents include cash in hand, deposits held at call with banks, other short term highly liquid investments with maturities of three months or less from the date of acquisition, including, cash and balance with Bank of Tanzania, and amounts due from other banks. Cash and cash equivalent excludes the cash reserve requirement held with Bank of Tanzania.
- d) Income taxes**  
Income tax expense is the aggregate amount charged/(credited) in respect of current tax and deferred tax in determining the profit or loss for the year. Tax is recognized in the statement of comprehensive income except when it relates to items recognized in other comprehensive income, in which case it is recognized in other comprehensive income, or to items recognized directly in equity, in which case it is also recognized directly in equity.  
Current income tax is the amount of income tax payable on the profit for the year determined in accordance with the Tanzania Income Tax Act.  
Deferred income tax is provided in full, using the liability method, for all temporary differences arising between the tax bases of assets and liabilities and their carrying values for financial reporting purposes. Tax rates enacted or substantively enacted at the statement of financial position date and expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled; are used to determine deferred tax.  
Deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which temporary differences can be utilized.
- e) Provisions**  
Provisions are recognised when the company has a present legal or contractual obligation as a result of past events, which will result in an economic outflow and where a reliable estimate can be made of the amount of the obligation.
- f) Employee benefits**  
All short term employee benefits are provided for in the income statement on accrual basis. Further, employees are members of a defined benefit scheme, employees contribute ten percent of their salary and employer contributes ten percent of the employees' salary to the scheme. The employers' portion is accounted for in the period it falls due.
- g) Comparatives**  
Where ever necessary, comparative figures have been regrouped to confirm to the changes in the presentation in the current year.
- h) Statutory reserves**  
Where impairment losses required by the regulators exceed those computed under IFRS, the excess is recognized as a statutory loan loss reserve and is accounted for as an appropriation of retained earnings. The statutory loan loss reserve is not distributable.

**3 RISK MANAGEMENT**

Operating in a liberalized and globalised environment, bank is exposed to different types of risks emanating from financial and non-financial factors. Risks faced by the bank have been categorized as credit risk, market risk and liquidity risk.

**a) Credit risk**

Credit risk is a risk of loss due to the inability or un-willingness of a client or the guarantors to meet their obligations. Credit risk is a major risk faced by the bank. In order to manage this risk, the Board has designed a credit policy for the bank, which is documented and forms basis for all credit approval decisions. The bank also controls this risk by limiting exposure to one borrower or a group of borrowers, geographical area, industrial segments, etc.

Regular audit of credit process is undertaken by the internal audit. The classification of advances based on the overdue balances, showing exposure to credit risk, is given below:-

Particulars	Gross loans and advances (including interest in suspense)	Secured	Unsecured (including unrecovered interest)
	TZS '000	TZS '000	TZS '000
<b><u>Year ended 31 December 2022</u></b>			
Fully performing	146,848,449	126,371,172	20,477,276
Sub Standard	221,056	218,704	2,352
Doubtful	50,198	13,153	37,045
Loss	3,882,778	3,661,455	221,323
	<b><u>151,002,481</u></b>	<b><u>130,264,485</u></b>	<b><u>20,737,996</u></b>
<b><u>Year ended 31 December 2021</u></b>			
Fully performing	143,771,478	122,828,891	20,942,587
Sub Standard	2,771,595	2,769,243	2,352
Doubtful	949,471	749,774	199,697
Loss	807,037	585,714	221,323
	<b><u>148,299,580</u></b>	<b><u>126,933,622</u></b>	<b><u>21,365,958</u></b>

The bank is holding an impairment provision of TZS 1,413,846,068.86 (2021: TZS 757,831,479) against the gross loans and advance.

**b) Market risk**

The bank is exposed to market risk. Market risk arises from open positions in interest rate, currency and equity products. The Board sets limits and reviews it at regular interval based on the risk that may be accepted. Further, the exposure is monitored on a daily basis.

**i) Interest rate risk**

The bank is exposed to various risks associated with the effect of fluctuation in the prevailing levels of market interest rates on its financial position and cash flow. The bank has the discretion to change the rates on deposits, loans and advances in line with changes in market trend. These measures minimize the bank's exposure to interest rate risk. Refer 4(c) for exposure on the interest rate risk.

**ii) Currency risk**

The bank is exposed to the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rate. The bank is involved in foreign currency market only to the extent of buying and selling to the extent of required currency. The bank is not involved in foreign currency forward contracts and thus the risk is limited. Refer to 4 on exposure to currency risk.

**3 RISK MANAGEMENT (CONTINUED)**

**b) Market risk (continued)**

**iii) Liquidity risk**

The bank is exposed to daily calls on its available cash resources from over night deposits, current accounts, maturing deposits, loans drawn and guarantees, from margin and other calls on cash settlement. The Board has set limit based on their experience of the minimum proportion of maturing funds available to meet such calls and on the minimum level of inter-bank and other borrowing facility that should be in place to cover withdrawals at unexpected levels of demand.

**4 RISK MANAGEMENT DISCLOSURES (CONTINUED)**

**D Sensitivity analysis**

**i) Interest rate risk sensitivity analysis**

The impact on the profit after tax arising on a 5% increase or decrease in interest rates would be as follows:

	2022	2021
	TZS '000	TZS '000
+ 5% movement	(709,941)	1,015,478
- 5% movement	709,941	(1,015,478)
	<u>709,941</u>	<u>(1,015,478)</u>

**ii) Foreign exchange risk sensitivity analysis**

The impact on the profit after tax arising on a 5% fluctuation in the bank's major operating currencies would be as follows:

	2022			2021		
	USD TZS '000	GBP TZS '000	EURO TZS '000	USD TZS '000	GBP TZS '000	EURO TZS '000
+ 5% movement	(13,199)	(241,892)	(10,594)	41,612	(21,040)	13,524
- 5% movement	13,199	241,892	10,594	(41,612)	21,040	(13,524)
	<u>13,199</u>	<u>241,892</u>	<u>10,594</u>	<u>(41,612)</u>	<u>21,040</u>	<u>(13,524)</u>

**5 CAPITAL MANAGEMENT**

The bank's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position are:

- To comply with the capital requirement set by the regulator;
- To safeguard the bank's ability to continue as going concern so that it can continue to provide returns to share holders and benefits to other stake holders; and
- To maintain a strong capital base to support the development of its business.

Capital adequacy and the use of regulatory capital are monitored daily by the bank's management, employing techniques based on the guidelines developed by the Basel Committee, as implemented by the Bank of Tanzania (BoT), for supervision purposes. The required information is filed with the BoT on a quarterly basis.

The BoT requires each bank to:

- i) Hold a minimum level of core capital of TZS 15 billion;
- ii) Maintain a ratio of core capital to the risk-weighted assets plus risk weighted off-balance sheet at or above the required minimum of 12.5%; and
- iii) Maintain total capital of not less than 14.5% or risk weighted assets plus risk-weighted off balances sheet items.

The bank's regulatory capital as managed by its management is divided into two tiers:

Tier 1 capital: - Share capital, retained earnings and reserves created by appropriation of retained earnings. Prepaid expenses and deferred charges are deducted in arriving at Tier 1 Capital.

Tier 2 capital: - Qualifying subordinate loan capital, collective impairment allowances and unrealized gains arising on the fair valuation of equity instruments held as available for sale.

The risk-weighted assets are ensured by means of a hierarchy of five risk weights classified according to the nature and reflecting an estimate of credit, market and other risk associated with each asset and counterparty, taking into account any eligible collateral or guarantees. A similar treatment is adopted for off-balance sheet exposure, with some adjustments to reflect the more contingent nature of the potential losses.

**5 CAPITAL MANAGEMENT (CONTINUED)**

The table that follows summarizes the composition of regulatory capital and the ratios of the bank for the year ending on 31 December 2022.

	2022 TZS '000	2021 TZS '000
Paid up ordinary share capital	10,000,000	10,000,000

**26 RELATED PARTY TRANSACTIONS AND BALANCES**

Parties are considered to be related if the party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. In the normal course of business, a number of banking transactions are entered into with related parties i.e. key management personnel and directors. These includes deposits and loans and advances. The volume of related party transactions for the year and the outstanding amounts at the year-end were as follows:

**Loans and advances**

There were no loans and advances to related parties other than key management team during the year 2022 (2021: Nil). There were no deposits from companies controlled by Directors, shareholders or their families (2021: Nil)

	31-Dec-22	31-Dec-21
